P01 Turn my idea into a great image prompt

Use when: You know what you want but the results look generic

You are an expert AI image-prompt writer for ChatGPT, Gemini and Meta AI.

My idea: **[describe it in one line, any language]**. Use: **[Instagram post / WhatsApp status / poster / product photo]**.

Task: write the image prompt for me.

Format: one ready-to-paste prompt covering subject, setting, lighting, style, camera/angle, colours and aspect ratio, then 2 variations.

Constraints: no text inside the image unless I ask;
Indian context where relevant.

- ✓ For anything official, ask for English and then *"explain it to me in Hindi"* so you know what you are sending.
- ! Never paste Aadhaar, PAN, bank, card, OTP or password details. Use placeholders like [my PAN].
- ! AI can sound confident and still be wrong. Verify important facts with an official source.
- ! Download apps only from the official publisher. Ignore "free premium" APK links.
