3 Quick Wins in 2 Minutes

Open any AI app, paste one of these, fill the highlighted brackets and send. You will have something useful in two minutes. Do the setup chapter later.

P01 Which skill can I sell this month?

Use when: You want side income but don't know where to start

You are a freelance career coach who has helped Indian beginners land their first paid clients.

About me:

[education, work experience, tools I know, hours per week, laptop or phone only].

Task: suggest the 5 freelance services I can realistically sell within 30 days.

Format: a table with service, who pays for it, beginner rate in ₹ (estimate), skills gap, and first step today.

Constraints: be honest about difficulty and competition; no "get rich quick" options.

- ✓ For anything official, ask for English and then *"explain it to me in Hindi"* so you know what you are sending.
- ! Never paste Aadhaar, PAN, bank, card, OTP or password details. Use placeholders like [my PAN].
- ! AI can sound confident and still be wrong. Verify important facts with an official source.
- ! Download apps only from the official publisher. Ignore "free premium" APK links.

CHAPTER 2

Choose Your Freelance Skill

Start with what you already know or can learn in a few weeks.

P04 Find my freelance skill

Use when: You don't know what to offer

Act as a freelance career coach. Ask me 8 questions about my education, skills, hobbies, tools I use and personality, one at a time. Then suggest 5 freelance services I could offer, with: demand, how fast I can start, typical beginner rates (label as estimates), and tools I need.
