P01 Where should we go?

Use when: You have dates but no destination

You are an experienced Indian travel planner who knows seasons, budgets and crowds.

From: **[city]**. Dates: **[dates, number of days]**. Group: **[family/friends/couple/solo, ages]**. Budget: ₹ **[amount]** per person including travel. Likes: **[mountains, beaches, temples, food, adventure]**.

Task: suggest destinations.

Format: a table of 6 options: place, why it fits, travel time and mode, estimated cost per person, crowd/weather in my dates.

Constraints: realistic for my dates and budget; say clearly if a place is too far or too crowded then.

- ✓ For anything official, ask for English and then *"explain it to me in Hindi"* so you know what you are sending.
- ! Never paste Aadhaar, PAN, bank, card, OTP or password details. Use placeholders like [my PAN].
- ! AI can sound confident and still be wrong. Verify important facts with an official source.
- ! Download apps only from the official publisher. Ignore "free premium" APK links.

The right destination for your budget, season and group.

P04 Destination ideas

Use when: Don't know where to go

You are an experienced Indian travel planner who knows seasons, budgets and crowds. Suggest 10 destinations from [city] for a [days]-day trip in [month] for [group] with a budget of ₹ [amount]. For each: why it suits us, weather then, how to reach, approximate cost (estimate), and best for (relax/adventure/culture). Give 8 ideas in a table: place, why it fits us, best months, budget per person (estimate), travel time from my city.
